## Model: 10GA

The Budenberg Swivel Adaptors have been designed for the ease of design and installation of Pressure Gauges and other instrumentation where positional orientation can be determined on site

The standard material is Stainless Steel, Monel is available on request.

Ideal for connection of Pressure Gauges to valves, and aids the ease of installation especially of Differential Instruments. Sizes available are from 1/4" to 1/2" in various configurations.

Suitable for all media that is resistant to 316 Stainless Steel and Monel

### Material Temperature

Body - 316 Stainless Steel as standard.  
Monel 400 is available as an option

### Connection Size

1/2" NPT Male / 1/2" BSP Female shown in picture

Other sizes available - please enquire

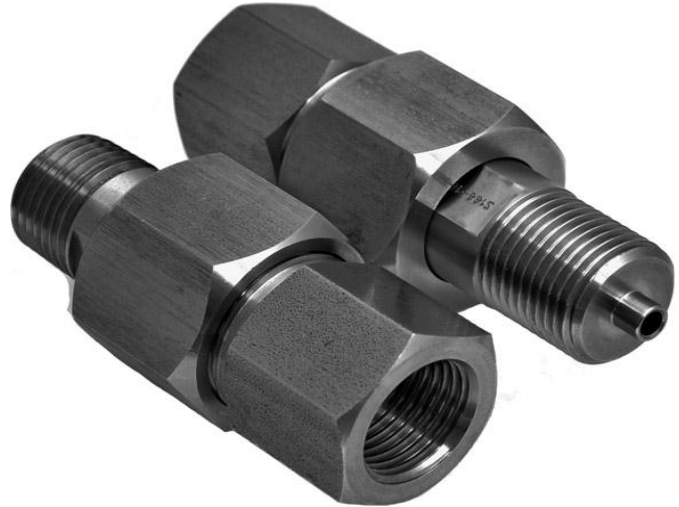

### Pressure Ranges

700 Bar - As standard at ambient temperature.

### Mounting

Inline

## Swivel Adaptors

### Temperature

Up to 400 Degrees Celsius at reduced working pressures

### Testing

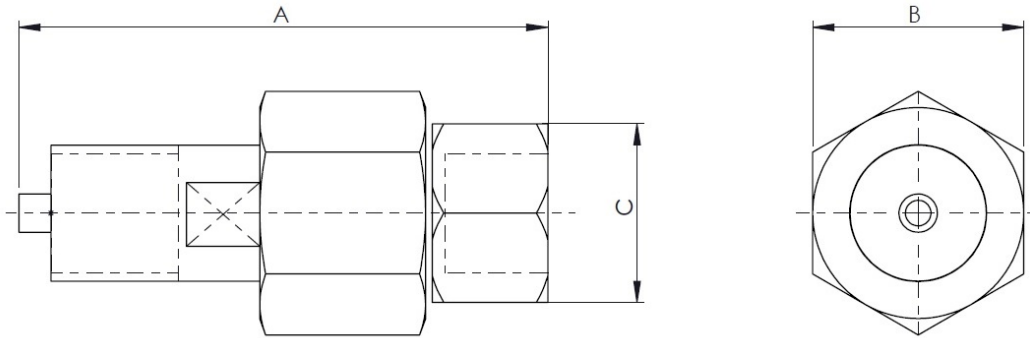

100% Pressure / Hydrostatically tested

### Options

Customer names etched on the body, special designs undertaken, Male x Male connections  
Please contact our Sales Office

### NACE

Please enquire with our Sales Office
